

Sending Your Children to College

Great news! Your kids CAN go to college without debt. This new book will show you how!

"The idea that students can't get a quality education without debt is absolutely ludicrous to me. But far too many people are falling for this myth, and it's ruining their futures. They're carrying a huge burden before they even get out of the gate!"

—Dave Ramsey

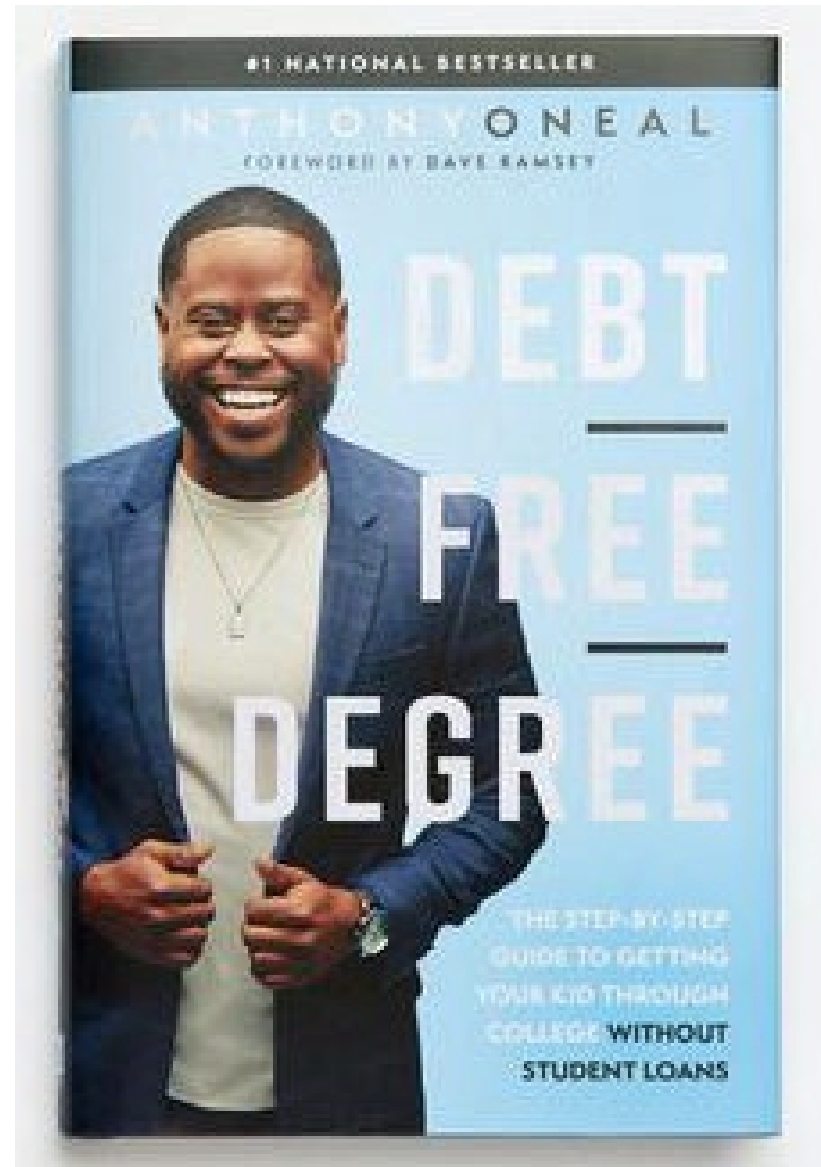

Every parent wants the best for their kid. That's why they encourage them to go to college! But most parents aren't in a position to pay for their kid's college, so they end up turning to student loans.

The average graduate walks away with \$35,000 in student loan debt and no clue how much that debt will actually cost them. But there's a different way!

In his new book, national bestselling author and Ramsey Personality Anthony O'Neal teaches parents how to help their kid pay for college without debt, even if they haven't saved for it. This is a step-by-step plan that combines common sense and honest humor. It's not some stuffy "how-to" guide, but a book you'll actually enjoy reading!

***Debt-Free Degree* doesn't just tell you what to do. It also tells you why to do it, how to do it, and when to do it.**

It will show you how to cash flow your kid's college education and what to do at each stage from middle school to high school. It will also teach you about scholarships, grants and free community colleges.

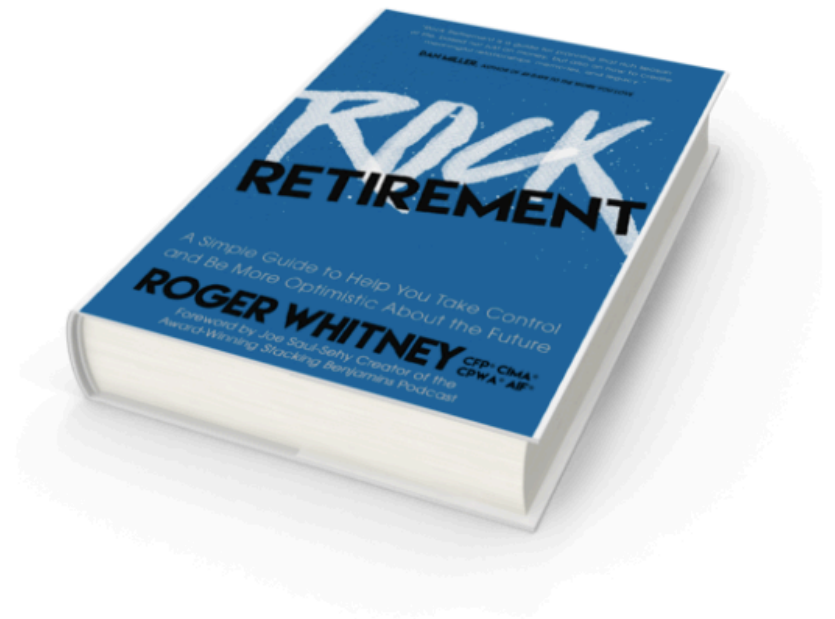

Retirement Assistance

Rock Retirement offers inspirational advice on how to enjoy the journey to retirement—and beyond.

Traditional retirement advice usually boils down to saving more, sacrificing more, and settling for less. This approach makes people dependent on systems outside their control, such as the market, the economy, and investment returns.

Which is unfortunate.

Rock Retirement uses a holistic approach (plus humor and real-life situations) to empower people to act intentionally towards the life they want. It addresses the fears, hopes, and dreams people have about retirement, goes way beyond the numbers, and shows them how to live well today without sacrificing tomorrow.
